

PART 7.0

APPENDICES TO PROSPECTUS

The following appendices (7.1 through 7.14) are intended to provide data and information that may not be otherwise fully covered in other parts of the prospectus or draft contract documents. There are no requirements or necessary responses on the part of offerors as a result of these appendices. They may provide information that serves as background data and assists in completing the response package outlined in PART 5 of this prospectus. Several of the following appendices are noted as available on the Lake Berryessa Prospectus website.
